CERTIFIED REGISTERED NURSE ANESTHETIST

“The nurse anesthesia program at USF has prepared me to be a compassionate, competent, creative, and innovative anesthesia provider. The supportive faculty have let me know time and again they are invested in my success. I am thankful for the opportunity to learn from some amazingly skilled and knowledgeable CRNAs who have helped me to grow into an anesthesia provider who can positively impact the future of anesthesia care in the Tampa Bay community and beyond.”

MEGHAN MATTSON, RN, BSN
CRNA student, USF College of Nursing

Your journey...

ADMISSION REQUIREMENTS*

- ✓ Bachelor's degree in nursing from a regionally accredited institution
- ✓ 3.0 GPA on a 4.0 scale for the last 60 units of the Bachelor of Science in Nursing degree; required science GPA of 3.0
- ✓ Unrestricted registered nursing license to practice in the U.S. at time of application
- ✓ Minimum of two current years of experience as an RN in aggressive adult, pediatric and/or neonatal ICU critical care unit must be completed prior to matriculation
- ✓ Current American Heart Association Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) required
- ✓ Pediatric Advanced Life Support (PALS) is recommended
- ✓ Recent graduate level biochemistry course taken within the past five years is recommended
- ✓ Certification for adult, pediatric and Neonatal Critical Care Nurses (CCRN) is highly recommended
- ✓ GRE taken within five years of applying
- ✓ On-site interview

NOTE: Admission is limited and very competitive. Fall 2018 admission opened on April 1, 2017. The October 15, 2017 priority deadline for the CRNA program indicates the earliest date the college begins accepting students.
