College of Nursing

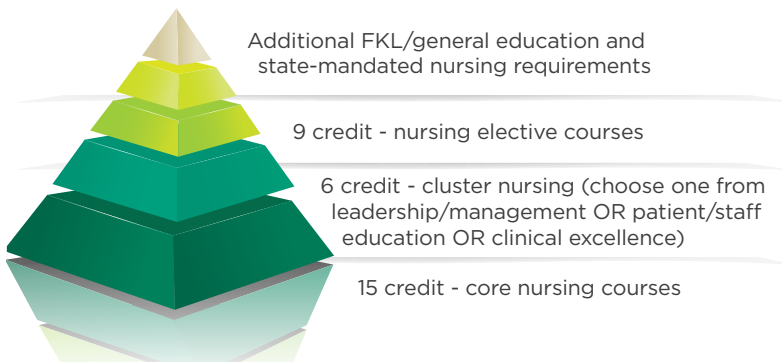

“Our RN to BSN program is designed for registered nurses who recognize the benefit of a Bachelor of Science in Nursing degree. Our program has been carefully developed by faculty with extensive content expertise to guide and support students in enhancing skills and competencies that will impact clinical practice. Being part of USF College of Nursing offers a network and access to educational options, including research and global exchange experiences. Continuing your education, developing relationships with your professors and informing yourself of the opportunities based on your goals will help position you to meet and exceed those goals. It is great to be a Bull!”
