How to find available CEU modules

The screenshot shows the EBSCOhost search interface. At the top, there are navigation links: New Search, Publications, CINAHL Headings, Evidence-Based Care Sheets, More, Sign In, Folder, Preferences, Languages, and Help. The main search area includes the EBSCOhost logo, a search bar with the text "Searching: CINAHL Plus with Full Text | Choose Databases", and a "Search" button. Below the search bar are options for "Basic Search", "Advanced Search", and "Search History".

The "Search Options" section is expanded, showing "Search Modes and Expanders" with radio buttons for "Boolean/Phrase", "Find all my search terms", "Find any of my search terms", and "SmartText Searching". There are also checkboxes for "Apply related words", "Also search within the full text of the articles", and "Apply equivalent subjects".

The "Limit your results" section is also expanded, showing checkboxes for "Full Text", "Abstract Available", "CE Module" (which is highlighted with a red box), "References Available", "Scholarly (Peer Reviewed) Journals", and "Published Date". There are also input fields for "Month" and "Year" for the "Published Date" filter.
