# Using CINAHL Database

CINAHL Education Modules

CINAHL Education is a platform that USF Health has access to contains Nursing CEUs for free. These CEUs are contained in modules that can be imported into your course that can be learning activities or assessments for your students to complete. There are two ways to access these. First is the CINAHL Ultimate Database, where you will search for a topic, you are interested in and filter by CEU. In addition, you may go straight to the CINAHL Education module search platform to find additional modules and review the associated course materials and learning activities.
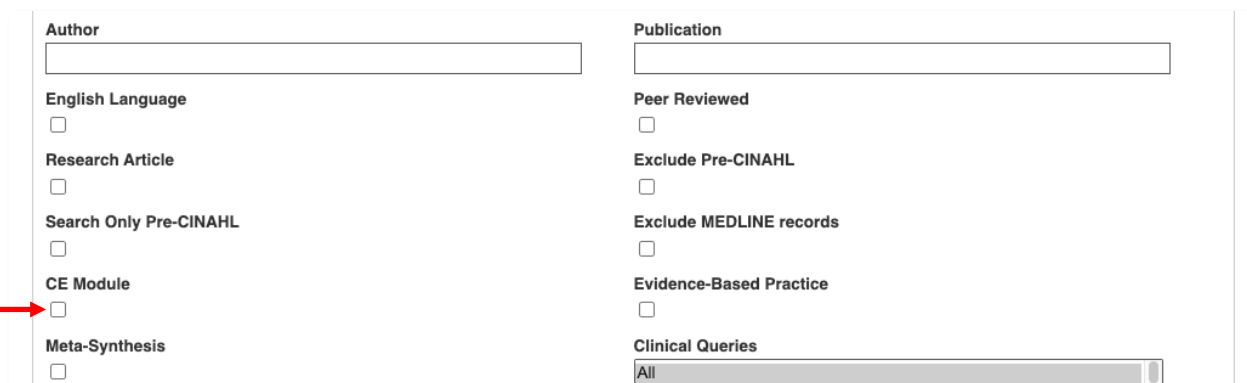

Using the CINAHL Ultimate Database

1. Navigate to *libraries.health.usf.edu/cinahl-ultimate*
2. Use your USF NETID login to access the database.
3. Using the search bar at the top, type in your desired topic.

4. Before clicking **Search**, scroll down to the advanced search options and under Limit your results select **CE Module.** This will ensure you only view topics that have associated CE modules.

5. Click on the topic you would like to review from your search results. After reviewing, if you would like to have the associated module of the topic inserted into your course, please click the **Permalink** button to retrieve the link to this page. Send this link to EDT

to have them insert it into your course. To explore more of the module select the link next to CE Module to navigate to the module within CINAHL Education.
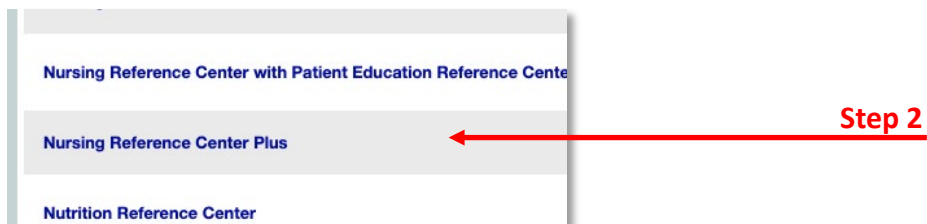

Step 5

Minor Subjects:	Adult; Education, Continuing (Credit); Patient Education; United States
CE Module:	Asthma, Adult--CE Module
Entry Date:	20041209

EBSCO.com About Us Contact Us Careers

Welcome to CINAHLeducation.

The CINAHLeducation program provides nursing, social work, and allied health professionals a convenient way to obtain their certificates of completion for continuing education required by the states in which they practice or the facilities in which they work. These interactive modules allow health professionals to satisfy CE requirements online. Each module consists of course material, an interactive review, a competency test, and a module evaluation. A certificate is awarded upon satisfactory completion of the competency tests. Completion requirements are provided in each module.

If you are a NEW user and have not registered before, please **click here to pre-register.**

Step 2

Accessing Content Modules – After Account Creation

1. Navigate to *ceu.cinahl.com/login* and login.
2. Click **Nursing Reference Center Plus.**

Nursing Reference Center with Patient Education Reference Cente

Nursing Reference Center Plus

Nutrition Reference Center

Step 2

3. Click **Available Modules** at the top of the page.

Welcome, !
This is not you? Please **click here.**

Step 3

Inspiring Innovation and Excellence in Education
Contact EDT by submitting a request

4. Begin typing the topic you would like to find in the *Search Bar* and click on the appropriate topic that populates in the drop-down list. You may need to type the topic slowly to allow the options to populate.

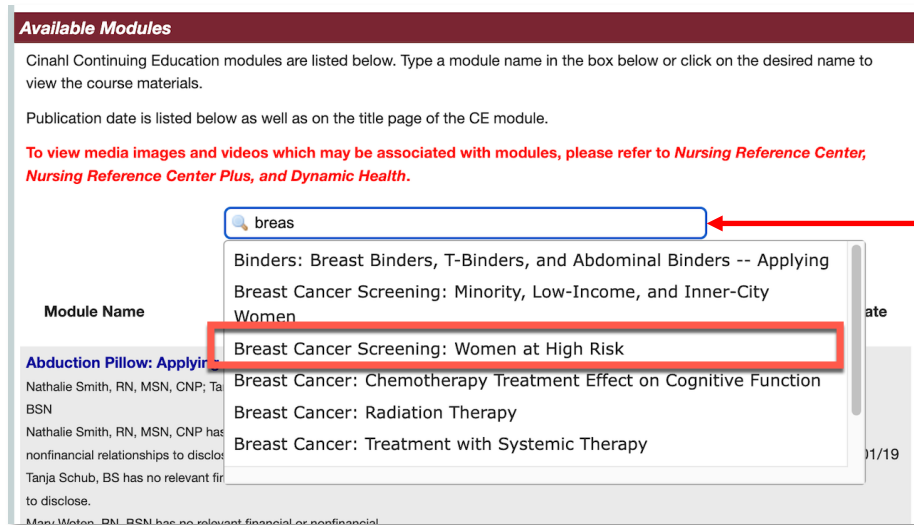

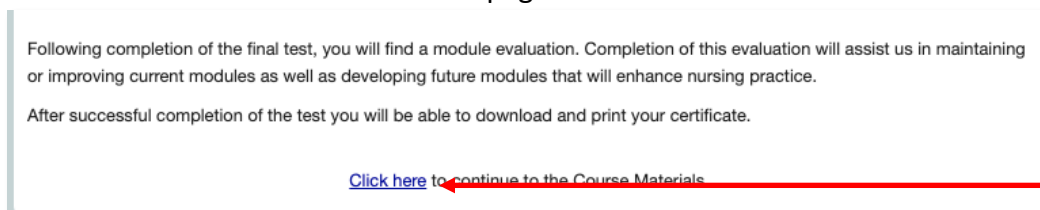

5. Click **Click here to Accept and Continue.**

6. Click the **Click here** at the bottom of the page to access the course materials.

7. Please review the information associated with the module. You will click **Course Materials** from the top and can click to review the **Interactive Review** activity from the top as well. Once you have reviewed the course materials and want to import the module into your course, please provide the EDT team with the exact name of the module which can be located within the red upper part of the screen. The EDT team will import the module into your course.
